## EDUCATION

**ETH Zurich**                                                                                  Zurich, Switzerland
Doctorate in Computer Science (ongoing)                                          September 2023 – Now

**ETH Zurich**                                                                                  Zurich, Switzerland
Master in Computer Science (GPA: 5.91/6.0)                                   September 2021 – July 2023
Major: Machine Intelligence; Minor: Theoretical Computer Science

**Zhejiang University**                                                                          Hangzhou, China
Bachelor in Applied Mathematics & Bachelor in Finance (GPA: 3.93/4.0)    September 2017 – July 2021
Chu Kochen Honors College (top 5%)

**Massachusetts Institute of Technology**                                                Boston, USA
Machine Learning Summer Program (Score: 96/100)                                   July 2019

## JOB EXPERIENCE

**Higgs Asset**                                                                                  Hangzhou, China
Quantitative Researcher Intern                                                        March 2021-July 2021

## ADDITIONAL INFORMATION

**Additional Professional and Extracurricular Experiences**
- Oral presentation as one of four specially invited students at the *4th Annual Honors International Faculty Institute Workshop* at Texas Christian University, USA, June 2019.
- ~200 hours volunteer as an undergraduate.
- Teach math at elementary schools (Olympics) and high schools (Calculus).

**Interests**
- Individual Quant research and investments.
- Member of the CKC College volleyball team from 2017 to 2020.
- Travel, think, and have fun.

**Computer and Language Skills**
- Expert: Python, LaTeX, C, R, Markdown, MATLAB
- Experienced: bash, HTML, SQL, Alloy
- Mandarin (native), English (Proficient), Ningbo Dialect of Wu Chinese (native)
